Peggy:

Re Item D, Outplacement Program - Bertha
called me today and said that [] who is
the principal actor in this program, has been on
sick leave for 2 weeks and may not be back next
Monday. She asked for an extension until 8 February.
I said we would not needle them about it before
then. (Echols had told Mr. Bannerman he would
have a proposal in a week or ten days--that was
before 19 January.)
